Dear Mr. Hullinger:

On December 15, 1994 we received your Notice for mining and crushing on SIO₂ #1 through #6 mining claims in T. 1 N., R. 6 W., Section 28 (UMC 326963-326968). We have assigned this Notice serial number U-72294. Please use this number in any future correspondence regarding this Notice.

We can not consider your Notice complete until you provide this office with the following information:

1. What is the proposed starting date of your proposed operation? Will it be continuous or seasonal?
2. Is the proposed area flagged? The entire area (i.e. any surface disturbance, including equipment parking, turnaround areas, mine plant, etc.) must be flagged so that Pony Express Resource Area personnel can locate and clear the site.
3. Please provide a list of equipment to be used during your proposed mining activity.
4. Will explosives be used? Will explosives be stored on site?
5. How many personnel will be working at the site?
6. Please provide a sketch of your proposed mine plant with all facilities shown.
7. What is the estimated volume of material to be removed?
8. Please provide any available information on your required specifications for metallurgical and glass grade silica.
9. Please provide evidence that this material meets your grade specifications for metallurgical and glass grade silica.

10. In addition to the mining claim map you submitted, please provide a map showing the precise area(s) to be mined. What are the dimensions (length, width, and depth) of your proposed surface disturbance?

Thank you for your cooperation. If you have any questions or require additional information, please feel free to contact Cheryl Martinez of my staff at (801) 977-4300.

Sincerely,

/s/ Margaret Wyatt
